Five Stars

By Tim Schoell

I love using this book for kids in their first 3-4 years of playing the flute.

I LOVE This Book!

By Denise Borum, JD

The cover is beautiful. The pieces are easy to read. I have the best of both worlds because I can practice my flute playing as well as my piano playing. The flute notation is written above the piano notation. I'm going to have a lot of fun with this book. The first piece is very easy and the pieces progress from there. It includes the following composers: Bach, Handel, Haydn, Mozart, Beethoven, Schubert, and Schumann. I can't wait to get started. I intend to get a really good workout with this book. I'm excited!

UPDATE: I forgot to mention that there is a flute insert. This allows the flutist to play using the insert. The pianist can use the book that has the flute notation on top. Therefore, you can play as a solo flutist, or with a pianist. The notation on the flute insert and the book is large. Now...that's just the way I like it! It's beautifully done and you will LOVE it. I will use the book to practice the piano. Then I can record the piano

parts and play the flute with the piano in the background. Boy...am I going to have fun!

40 Little Pieces for flute

By dcinSC

This is a good book with pieces presented easy to less easy (none of them are really difficult). It would be good for a beginner wanting to progress to intermediate level. The most difficult piece in it is Serenade by Haydn (or Hoffstetter, depending on who you believe), which I played for a music competition while still in high school band. I bought this book because I had not played in many years and wanted to get back into it. For that purpose, it was fine. It would be a good companion to *Flute for Dummies*. Appropriate for someone just learning or re-learning after a long layoff. But this is not a book for someone who has been playing for a few years; too elementary.
