Real Question and Real Answers from a Real Player!!

By Anonymous

Darryel A. Woodson the author of the book Original Game has did it again in writing another classic about the Game and the Life. It will answer a whole lot of questions that you have had about people in the Game as well as people in mainstream society.

Mr. Woodson has retired from the illegal side of the Game and has taken the Game to a legit level. Mr. Woodson has accumulated vast knowledge and expertise that he has picked up from the being in the Game and is obviously an expert in observing, reading and understanding human beings and their true nature. He

uses what he knows and understands in showing people how to solve their problems and helps them understand the true nature of themselves and other men and women. He is more than a stereotypical "street hustler" he is a real problem solver and life coach who helps people everyday with their problems and has used the philosophy of the Game to reveal to people the unadulterated and butt naked truth. Unlike mainstream societies sugarcoated hypocrisy that confuses and depresses people the Game will enlighten you, make you happy and brighten your horizons. Mr. Woodson will show you the true and original philosophy of the true and original Game that will enable you to see things crystal clear and for what they truly are.

I strongly recommend this book along with his other masterpiece book Original Game not only to Players and aspiring players and hustlers but every human being that wants to learn not only about the Game but also about themselves, life and human nature. You will also learn the ability to be a problem solver, manipulate a losing situation into a winning one and always have an edge. Keep up the good work Mr. Woodson and I am looking forward to your next book!
