So, this will be an excellent time to begin enjoying this publication Financial Accounting: An International Introduction (4th Edition) By David Alexander, Christopher Nobes to read. Constantly good time with book Financial Accounting: An International Introduction (4th Edition) By David Alexander, Christopher Nobes, constantly great time with cash to spend!

From the Back Cover

'This book will be welcomed by students and academics alike. The text is easy to read and well laid out, the case studies are very helpful, and it is supplemented by a good range of quality supporting material'

Christopher Coles, Department of Accounting and Finance, University of Glasgow

Financial Accounting is the ideal book for anyone with little prior knowledge or new to this subject area. Its clear writing style and unique international focus builds on the success of the previous editions by teaching financial accounting in a way that is not country-specific. This fully updated text uses the International Financial Reporting Standards (IFRS) as its framework to explain key concepts and practices while linking them with contemporary and real-world examples from Europe and beyond.

Features

- IFRS abbreviations and a glossary of terms used in IFRS (and in UK and US accounting) are listed in an accessible way.
- 'Activities' and 'Why it Matters' boxes are integrated throughout each chapter in order to challenge students and encourage further study.

- Extensive exercises at the close of each chapter allow students to check their learning. Answers to some exercises can be found in Appendix D.
- Separate appendices on double entry book-keeping, the requirements of IFRS and the EU fourth directive allow students to tailor the book to their individual study needs.
- The book is fully updated to include changes of the past three years.
- Updated real-life examples from a wide range of countries give this text a truly international perspective.
- The text is ideal for undergraduates and MBA students worldwide, taking a first course in financial accounting.

For further study visit Financial Accounting's excellent companion website for additional questions and international accountancy web links at www.pearsoned.co.uk/alexander. Answers to exercises are available to lecturers on the instructor's resource page.

David Alexander is Professor of Accounting at the University of Birmingham Business School, England.
