Can one man defy an army?

Only one of the legendary Raithlin would try. But trying is not succeeding - or even surviving. Lanrik is young and untested, but confident in the time-honored skills of the Raithlin scouts. He attempts to slow the horde long enough for a warning to reach his home city. But a single act of treachery, timed to devastating effect, tests him as much as the enemy.

He forms a bold plan against overwhelming odds to protect all that he loves. But his choices lead him ever deeper into a life-changing struggle. Dark forces of sorcery and witchcraft are on the move. So too are the powers that contend with them. The conflict draws him into a quest for the safety of the whole land and toward a girl who comes to mean more to him than anything. He enters a world of magic: sometimes beautiful, often perilous and always unpredictable.

This boxed set contains all four books of the completed Raithlindrath series. As a bonus, it includes A Spell of Swords, the prequel to the Amazon Epic Fantasy bestseller Raging Swords.

An excellent hard, good swords and sorcery series.

By Kevin C Doyle

The Forgotten Swords was an intense read. He broke each story or book at a correct timekeeping the reader wanting more. The entire master plan was carried very well in the book. There were times I couldn't put my Kindle down with this series.

It's a good swords and sorcery series and I'm looking forward to his next series. The four stars was for some minor typos and I think he got confused with two characters during the story but I would give him a four and a half stars.
