Amazon.com Review

I found a 1955 printing of this book in an old waterfront cabin and was struck by the care with which the previous owner had read it. Eve (the name inscribed inside the front cover and then again above the heading for chapter 3) made pencil marks on nearly every paragraph of the book, underlining a phrase, highlighting many passages with strong vertical marks, scratching out some words that she seems to have found superfluous and even x-ing out whole sections that apparently missed their mark with her altogether. Two rusting paper clips isolate several pages, absent any marking at all. Anne Morrow Lindbergh's lyrical words are still relevant and presage so many of the themes of today's most popular books: simplicity, peaceful solitude, caring for the soul, a woman finding her place in society and life. I heard that the woman who had lived in the cabin had actually passed away some time before. Thank you, Eve, for your gift... from the sea.

An EXCELLENT READ for ALL AGES--A WONDERFUL GIFT!

By Lex

This is a FANTASTIC BOOK for ALL women of any age, but especially mothers and wives!! This book allows today's women to understand we are NOT alone and can actually relate to a long line of fellow mothers and wives (women of the 50's to the present), who have also struggled to maintain an open channel of spiritual and emotional guidance, while managing their personal relationships, home life, and careers!! The author is a breath of fresh air and a wonderful artist, as she paints an outlet through the visual gifts from the sea, that help to remind us to take time for ourselves and to remember how important WE are to the BIG picture! An EXCELLENT READ for ALL AGES!! A wonderful gift for a beautiful woman, a devoted mother, a daughter getting ready to cross over into the REAL world, or someone who is simply trying to find their way in this crazy, hectic world!!!

Timeless

By Camp Runamok

Written in 1955, with an addendum in 1973, I can see why this book sold so well, and why it remains so popular. It's the kind of contemplative book everyone wishes they could write, and to say this book is prescient would be an understatement. From the Wikipedia post, this says it well: Lindbergh wrote this essay-style work taking shells on the beach for inspiration, and reflecting on the lives of Americans, particularly American women, in the mid-twentieth century. She shares her meditations on youth and age; love and marriage; peace, solitude and contentment during her visit. Sometimes classified as inspirational literature, the book presages many of the themes in that genre of popular literature: simplicity, solitude and caring for the soul.

Gift from the Sea is a pretty quick read, but well worth the price of admission. The target audience was clearly women, but it's a book for men as well, and what really stands out is how prescient this book was, and how relevant the book remains over 60 years after it was written. A big thumbs up for an interesting and quick read.

a must read for every woman

By Annie K.

Since I discovered this book, it has become one of my favorites. Even though it was written a year before I was born, I sense her words will never grow old. As a woman, a mother, a reader and lover of walking the beach, I go back to it when I need solace as if from an old friend. This book is one that I like to give as a gift to the women who have crossed my path and positively affected my life in some small way. I was so pleased to have found this gently worn but well loved hard cover copy to give to my sister-in-law for Mother's Day. She had read it long ago and was very happy to have it join the other special books on her shelf.
