LOVE AND BULLETS: A SAM SMITH MYSTERY (THE SAM SMITH MYSTERY SERIES BOOK 2) BY HANNAH HOWE PDF

“If you like psychological detective stories with a touch of humour and romance, you will love Sam Smith.”

It had been a week since the incident at the abandoned quarry, a week since I'd shot and killed someone, a week since my ex-husband had been murdered. It had been an emotional week. But life goes on. I'd been hired to discover who was sending death threats to Dr Ruth Carey, a controversial psychiatrist. The trail led to two high-powered villains and soon the death threats were aimed at me, threats that increased following two murders.

Meanwhile, after years of domestic violence, I was trying to make sense of my private life. Dr Alan Storey, a prominent psychologist, claimed that he loved me, and I was strongly attracted to him. But the years of domestic abuse had scarred me emotionally and I was reluctant to commit to a relationship.

Love and Bullets is the story of a dramatic week in my life, a week of soul-searching, self-discovery and redemption.

Please note the print length of this book runs to 242 pages, not the estimate listed by Amazon.

I'm hooked on Sam Smith!

By Book Reviewer

This is the second book in the Sam Smith series - a contemporary style Sherlock Holmes novel, with a fantastic female heroine.

What I love about Sam Smith (the lead character) is that she is a complex character, she is at times unsure, but she is determined and passionate. It is always hard to beat the first book, but this author has built on the premise of the first novel, and made me want even more Sam Smith!

Really enjoyed this cover to cover. Its an easy read, I read it on a flight, so it would certainly make a great holiday read, with a great story line, mystery, suspense, and even a bit of romance. What more would you want?

Love and Bullets

By Maria

I recommend this book to anyone who enjoys character led contemporary fiction.

This is the second book in the Sam Smith series but works perfectly as well as a stand alone. As with the first book it has great readability with a story and dialogue that flows naturally. What do I mean by readability? I'm never confused or lose interest in the story and I look up with surprise and realise a couple of hours have passed while I've been reading.

I preferred this one slightly more than the first but as I intend making my way through the series I'll leave my final judgement on my favourite to the end. In my review of the first book I concentrated on the central character of Sam but the beauty of this series is it has many clever levels so I'll concentrate this review on the style of the book.

The series has the feel of the great American Private Investigator novels and films of the 1950s and 1960s based in America and yet at the same time deals with very up to date issues and strongly puts Cardiff and the surrounding countryside on the map. I think the author is quite unique in her style and this really is a series deserving of greater recognition.

My final word - I already have the third book in the series on my kindle.

I can visualize Hannah Howe's stories about Sam Smith as a TV series.

By Brenchris

This is the second book in the Sam Smith series by Hannah Howe that I have read.

This detective mystery was set in Wales and the author's descriptions of the scenes and places that Sam visited were indeed vivid. I formed distinct pictures in my mind as I read.

I was never bored and the story held my interest from beginning to end.

In spite of her insecurities and mixed emotions, Sam is a top-notch private investigator although she calls herself an enquiry agent.

Her determination to help her client discover the truth drives her to be successful each time.

In this book, she was hired by the husband of a psychiatrist to find out who was making death threats against his wife.

Sam put her own life at risk to discover the truth.

The touch of humour throughout the book makes the story vibrant.

This book was well written and It was a joy to read such a story narrated by the main character herself.

I truly enjoyed it .

I can visualize Hannah Howe's stories about Sam Smith as a TV Series.

I look forward to reading more of this author's work.

I recommend it to all who like psychological detective stories with a touch of humour and romance.
