"You said you didn't know me," I said, my voice coming out a lot gruffer than I'd intended. "Lucas Goodspeed," I stuck out my hand and, after a moment's hesitation, she took it, her hand small and soft against my rough palm. "23 years old, Full Forward for the Coastal Crocs, and your new one true love." I tried to inject a bit of humour into the last bit, but to be honest, I think it just came out sounding morose.

She smiled slightly nevertheless and didn't pull away from me, instead choosing to follow my lead.

"Isobel Saunders, 21 years old, waitress at Crumbs Café, although since I didn't turn up this morning, I've probably been fired." She took a deep breath, glanced at Gary as if to convince herself there really was no other way, and finished all in a rush, "and your new one true love."

It's not easy to pretend you're in love for the sake of teenagers and housewives across the country, but top footballer Lucas Goodspeed and shy, romantic Isobel Saunders soon discover that convincing themselves that they're not in love might be even harder...

Bought without hesitation

By Amazon Customer

I read this back when it was on Fictionpress, and it was a story I always recalled as 'Wow! That was an awesome story!' and returned back to many times over the years to re-read. So I was surprised to recently go to read it and find it was no longer on FP but for sale on Amazon. Not usually one to buy books because I finish them so fast it's like burning money - usually I borrow them from the library - I had only a moment's hesitation before I went so far as to set up a Kindle account to buy this book.

Amazing job! Jesse Star's characters have depth and her stories do, too. Not to mention, the writing is superb. Having read many published and non-published amateur writers, I've realized that good writing is not always a given so I appreciate it more when I find it.

A Nice Stretch into Different Territory for this author

By Diana

The only reason for four stars was futbol. I'm just not into it. But I am way into Jessie Star's writing and therefore I read every word of this book. It's pretty good and fun and kept my attention. I simply don't love futbol but that doesn't mean you can't read it. She has such a way with angsty build that keeps you on the tips of your toes waiting anxiously, waiting for that moment when everything just tips over the precipice. She's quite a wonderful writer and I'm so happy to see all of her books being released on kindle.

Favorite FP author is now published. LOVE.

By andrea

I love Jessie Star. I, like her other fans, first discovered her on Fictionpress. I absolutely loved her writing. It was in-depth and really took her characters to a different level. Each character, both primary and secondary ones, have a story and personality that's truly their own. Unlike other writers who create characters that move, think, and sound the same, Jessie's characters are complete individuals. Her stories, however fictional they are, seem real because her characters are JUST. SO. REAL. I kept coming back to her page on Fictionpress to check for new stories or updates to stories and I knew one day she'd be a published author one day - it's just wrong if she didn't. I promised myself I'd pay for a book of hers as soon as she becomes published, and here we are. I've read this story several times already on Fictionpress and, having just purchased it, I haven't read it again. But I assure you, it's one of her best.
