Emma Sanders: She's a damsel in distress—a 20th century miss dragged back to the 18th with no way home and no idea how she got there in the first place. Connor MacAllister Kane: He's the reason she's in distress-- a British highwayman, and a minor noble with not much more to his name than a title and a Robin Hood-like charm who robs the wrong coach. Now, Captain Nelson Rawlins of His Majesty's Royal Dragoons, a former childhood friend of Connor's who sacrificed friendship for duty is on the hunt for the Highwayman and traitors to the crown. The longer Emma stays in Connor's time, the more she's drawn to him and drawn into his troubles. She and Connor find themselves struggling to stay one step ahead of the Captain and his corrupt Commander and keep Connor and his roguish cousins from the hangman's noose. As the Commander's grip on the countryside tightens, the people need Connor even more, but Rawlins is hot on his trail and there's a traitor in their midst. Can Emma use her twentieth century wits to keep both Connor and her heart safe?

Ribbons of Moonlight

By Michelle

What a wonderful surprise - not the typical historical romance. Characters and settings are well-developed with a believable time-travel element. You love the characters you are supposed to love and really despise the characters you are supposed to hate. There are definately surprising and sad moments along the journey that keep you reading. While the ending is well-done, it kept me wanting to know more - like when is a sequel coming out?

Could NOT Put it Down!

By CyndiC

What a terrific read! I was thrown back into a time when men ruled every aspect of life and women had to put up with whatever was thrown at them. Emma as a modern woman just was not going to stand for that! The time element was portrayed as possible. The setting was true to the historical time. It was a compelling tale that wrapped the reader into a world where passion and compassion were a vital part of each character. The hero was sharp as a whip and just as stunning! The supporting characters were so vital that I felt for their trials. The villain was EVIL! His lackeys were meant to be hated. I was left wanting to know what happened next. I can't wait for the sequel!

Characters who know what they want!

By AER

No wishy washy characters with pages of misunderstandings and miscommunications in this wonderful historical romance. The characters are willing to talk with each other and not let things fester for pages so the reader feels like shouting "Just TALK already!" You really do care about the characters and feel their anxiety and sorrow. Emma is a modern woman, but one who recognizes the shortcomings of her very 21st century education suddenly thrust into 18th century, but she's willing to make her way. She won't let Connor run her life and he is willing to have faith in her own ability. Sometimes a little challenge can be sexy for this 18th century man. A great read!
