SLOW RIDE (RIDING WITH HONOR BOOK 2) BY REBECCA AVERY PDF

Dana Atkinson prayed for the one thing she desired most, to be a mother. Knowing her plain appearance and inability to have children of her own will keep men at bay, she signs up to be a foster parent. When the single parent of one of the students in her preschool class turns out to be the father of her foster placement she finds herself not only falling for both of his daughters but him as well.

Tommy McMurray already has his hands full with his daughter Gretchen, and taking responsibility for another daughter with medical problems, is more than he is able to handle. When Dana steps in to help, he finds himself drawn to her in a way he never expected. When his past comes calling he realizes he needs Dana and not just as a mother to his daughters.

was ok

By B.E. Love

This is book two in the Riding with Honor series, I loved book one but felt like this one missed the mark. Dana has known one thing her entire life that she wants kids but she is unable to have her own. So when a baby is placed with her she is ecstatic. Tommy loves his daughter even if she's a handful so when he finds out while hoping to make it work with Gretchen's mother that she got pregnant again he is more than happy to take care of his child especially since Gretchen and the baby's mother couldn't care less about them. Imagine the surprise when Dana finds out that the baby she was hoping for is Gretchen one of her students sister and handsome Tommy's daughter. After the blow that Dana and Tommy find, they both have to move on to new dreams realizing quickly that these new dreams are better than they could have imagined. So why three stars well I'm not sure I just couldn't quite connect with the characters I flew through this book but towards the middle of this book I didn't love the main characters like I was hoping. Maybe it's because I had such high hopes after reading book one. I didn't hate it I was just hoping for more especially from Tommy. I will still read the rest of this series and I'm hoping it gets better with each book. Now having said that The book wasn't horrible, we get all the characters from book one and almost a continuation from book one. I also don't regret reading this book at all and felt like the author is defiantly growing in her writing style. I am really excited to see how this series developes and to see the rest of the characters getting their hea.

Great Read! This author just gets better....

By LadyRed524

What a great read, this author just gets better with each book. The H Tommy - his character just grows and

grows on you, this sensitive good man who is also a Motorcycle riding Hottie. The heroine Dana - she's also go it going on. And the little one, Gretchen - what a hoot. A great plot, that had some unexpected tender moments, a tear here and there from this reader...and some great sex scenes. Anxious for the next book in the series.

I've read better

By AshleyOkay

When I read stories about guys that ride bikes I have to admit that I expect a little something more. Something gritty with a rough alpha male. I just didn't get that from this book. This book was so unbearable that it took me 3 weeks to finish it. I'll have to pass on all books by this author.
