My soul was in turmoil. Ty Winters had not only kidnapped me in Oz, my heartstoppingly gorgeous surfer had also stoked my darkest desires, bringing all my fantasies to the surface. So Oxford wasn't going well. Until, that is, he crept from the shadows—desperate, sexy, dangerous and wanting a piece of me, literally! He teased me with a taste of his carnal skills, leaving me burning with frustration then forced to stand by as he fought for his beliefs using my lust-addled body as his most powerful weapon. Oh, my kidnapper knew just how to get what he wanted, giving me just what I needed, while hiding our relationship from the British foreign minister and police. Because sometimes two people are meant to be, even in the most unconventional circumstances and twisted situations. We could fight the world, but we couldn't fight our passion.

Gripping, suspenseful, and hot!

By M. Vasquez

I absolutely adored this book! It's hot enough to melt your e-reader but it's also got a gripping and intense story. This is a full length continuation of her previous short story, Stockholm Seduction, so if you've read it, then you definitely don't want to miss this one. If you haven't read it, don't worry, she includes it as the prologue in this book. The tension between these two characters and the intense suspense kept me glued to this book. When I had to put it down, it drove me crazy until I could get back to it again. The writing is outstanding, the characters practically leap off the page, and the story is unique and compelling. I loved this one from start to finish, and when I reached the end I still didn't want it to be over.

This is a complimentary copy provided for an honest review.

Scorching hot - not for the fainthearted

By Elizabeth

So I've read a number of Lily Harlem's books and they never fail to impress me. This one is no exception.

Even though it's a sequel she sets the reader up very well with a quick prologue to explain the situation and give enough background to get you going without the info-dumping a lot of other authors do. The book then moves quickly on from there and continues at a fast clip.

This isn't for the fainthearted. It's erotic and has what could be a few triggers for some readers - kidnap, extortion etc - but I feel it is well handled, sexily written and unless those triggers themselves can stop you from enjoying the book most readers will find it a fun, intense read and thoroughly enjoy it. I know I did. I'm eagerly awaiting more of Ms. Harlems books!

Kidnapping, light bdsm, and menage - what could be better?

By Kelsey Summer

I received this book as a review copy in return for an honest review.

Stockholm Seduction by Lily Harlem was one of the first erotic stories I read. It was a quick little read two years ago and I fell in love with it. I was so excited when I saw that Lily Harlem wrote a longer book. I just finished reading Stockholm Surrender this morning and it didn't disappoint me. I loved it! I started the book yesterday and had a hard time going to bed (I wanted to finish reading). Stockholm Surrender had all my favorite things in a story - kidnapping, light bdsm, and even menage. It's a quick, fun, and sexy book and I strongly recommend it.
