great for any age

By Jason Paul Collum

I first read *SUMMER OF FEAR* in high school and found it to be the first book I couldn't put down, actually reading it all the way through in one sitting! Lois Duncan takes typical teenage angst and self-conscious paranoia and spins them together in a web of horror and mystery.

Rachel is the number one priority of her family until her cousin Julia (parents recently deceased) moves in. The two bond as sisters at first, but when Julia begins to receive all the attention, Rachel's jealousy kicks into

high gear. The spin here is when "accidents" and deaths become common place. Rachel suspects Julia to be responsible, but the jealousy Rachel's family has witnessed lend them to believe Rachel is just looking for attention, leaving her to discover her "cousin's" evil secrets and legacy.

A great suspense novel I still reread occasionally. Check out the movie starring a teenaged Linda Blair as "Rachel" and Fran (The Nanny) Drescher as her best friend!

This is an awesome book!

By A Customer

This book is awesome until the last gripping page. When I checked this book out at the library I was a little nervous because the cover art looked really scary. It turned out to be one of my favorite Lois Duncan titles yet.

The book starts out when Rachel's aunt and uncle die and their teenage daughter Julia comes to live with Rachel's family. Julia is incredibly beautiful and Rachel is jealous of her right away. Then she starts trying to steal Rachel's boyfriend and Rachel's brother. Rachel finds really strange things in the room she shares with Julia, things normal teenage girls wouldn't have. Rachel tries to warn her Mother and Father but they just brush it off as jealousy. Then the things go from bad to worse. You just have to read the story to find out!

Lois Duncan has done it again with the book Summer Of Fear

By A Customer

The author, Lois Duncan, has brought out the characters in this book, giving each of them unique traits. Lois Duncan has written yet another mystery novel that is filled with suspense and excitement. The story opens up with Rachel a seventeen-year-old girl remembering a summer when a strange incident happens. Her cousin Julia comes to live with them. Julia ruins Rachel's life and plans to take over. Julia starts by stealing her boyfriends and her girlfriends. During this story Rachel tries to convince her family and friends that Julia is bad. But of course her family does not believe her.

As Duncan travels the characters through the book she brings them through all of her troubles. I thought this book was great and I hope you will want to read it too.
