It's fine

By Erica

The ideas included in this book are worthwhile to pursue. However, the writing style is quite...stodgy and difficult to get through. He belabors every point in the theoretical until he ends up repeating himself again and again, and I had trouble connecting his ideas to the real world in my classroom. I would welcome a revised edition if his concepts were expressed more concisely and accessibly and if he perhaps could insert some stories explaining how his ideas might be implemented in the classroom setting.

An Excellent Overview for the Christian Teacher

By Sharon A Munson

Mr. Graham places the scriptures into their proper position for the teacher and the student. His ideas of interaction in the classroom apply the Bible in practical and essential manners that will enhance both teaching and learning. It is a must read for all Christian teachers whether in the public or private setting.
