The Gospel of the Ebionites by Bernhard Pick,

By Earleen M. Hunt

Immediately after receiving this "document" I wrote an email complaint to Amazon and asked for a refund of my money. This email was never answered by Amazon!

What I said (this is the short version) alerted Amazon that this publication is not a book; it is nothing more than an undocumented 4 page pamphlet that fails to even reference the origins of what is printed in this pamphlet.

The internet has many references to the Ebionite history and beliefs that are lengthy and detailed. Far better than this pamphlet - and they are free! Earleen H
