I really didn't like the Hero (I use that term loosely)

By Sandy Milan

I really like this author and I like her plots usually but this guy was a real jerk to a truly sweet h. She'd been through so much and she was young and innocent. I felt that our H took advantage of her and was insincere and dishonest with her.

loved it!

By Rita

I loved this book! Harlequin's are usually so serious but this one made me laugh out loud. I liked being able to see what the hero was thinking and these were some of the most humorous passages. He had to learn to be a loving partner since his privileged background hadn't prepared him to relate to a normal woman like Maddie. She was also a great character. She learned how to handle him but at the same time he taught her to appreciate and love herself just the way she was.
