The Stranger is back!

By Tenesha James

The Stranger 2 gives you a little more insight into who the characters are. You get to see Mikah working at his job as a waiter for a high end restaurant while also learning a little more details about the stranger. This one ends with a cliffhanger so be prepared!

What is it about a name that changes a total stranger into a close acquaintance?

By FORMER Kindle Customer

And then a close friend, while we do not even use the name of our closest friends. A name is very important in establishing the commonality in our lives and others to build the tight network of mutual thoughts and feelings. It is devoid of permanence and emotional attachments in most cases, but may assist the basis of contact. The line of separation between people is often blurred or suppressed. Turmoil disrupts communications and shreds all emotions not currently involved at the moment. This series slowly reveals the lack of introduction as a means to entice and subdue physical contact while not recognizing the emotional turmoil linking the people.

This book provides some insight towards dealing with people.
