Another Really Engaging Book By This Author

By crazy book cat

This book was a gift from the author. Again, Adele has delivered another excellent story. I love her witty writing skill and the humor she has in the situations and in the dialogue between her characters. While this book was most enjoyable, I found her previous two more humorous.

Adele presents very likeable character in her books, and these characters were no exception. She keeps the action moving so the reader isn't bogged down with too much unnecessary dialogue. I look forward to her next book.

Great historical romance!

By Amazon Customer

This book was enjoyable, as were the characters. I always enjoy stories where one (or both) character (s) has loved the other since childhood, and this story did not disappoint. There was great chemistry between the characters. I hope a prequel eventually comes out to tell James and Annabel's story!
