Just What I Needed!

By CherylSRQ

This book is fantastic! I'm on my second time through and it is just what i needed to help get me through a very difficult time. A friend recommended it a few years ago when i was going through a hard time. I'm so

glad i picked it up again. It is helping me get out of my tunnel vision and see the bigger picture. The author's explanation of karma and morphagenic resonance - why we attract certain people or experiences are very helpful. I highly recommend this book to anyone questioning why me, why this, why now.

Everyone Has a Story

By Patricia Bitzer

When recently diagnosed with cancer, the title of this book attracted my attention. Was not disappointed when I started to read others stories of the bumps all of us have in our lives. The wisdom and humor in the book could put a smile on my face, even on my most painful days of chemo. Great book no matter what you may be going through!

I typically recommend and loan this book to clients who are experiencing ...

By Jo Ku Rei

I first read this book about 15 years ago as a young adult. While it started me on the path to learning more about reincarnation, it didn't really resonate with me until I re-read it about 1&1/2 years ago. This time around, it changed my life. I got so much more out of it the second time around and plan to read it again as soon as I get my copy back! As an energy therapist, I typically recommend and loan this book to clients who are experiencing complaints related to the "why me?" state of being. If you are truly open to, and in the space to find answers, this book may be for you. It really is "that one book" that started me on the path to healing all the crap in my head.
